Profile

Dedicated and experienced technical trainer with a passion for empowering others in the field of information technology. Skilled in a variety of programming languages and tools,I thrive on sharing my knowledge and expertise to inspire and educate budding developers.

Professional Experience

2021 – 2025   **Srinagar Institute of Excellence**
As a Technical Trainer at SIE ,I focus on conducting engaging and practical training sessions aimed at enhancing students' coding proficiency and logical thinking.

2025 – Present   **DSA with C++**
GRS Institute Ganderbal
Conducted structured sessions for **students and fresh graduates** focused on DSA.

Projects

UniShare – Student Belongings Exchange and Reuse Platform
React | Firebase | Figma|Tailwind
- Designed and built a responsive web app enabling students to exchange and request pre-owned items within campus.
- Used React to develop reusable UI components based on Figma designs, ensuring a smooth user experience.
- Implemented item listing, search, filter, and an urgent request feature for time-sensitive needs.
